

Nest Building by Simon+

The hedgerow
Devoid of leaves
Winter, a cold day
Had something hidden
Not seen before
There in the thick of it
In the thicket
Was a carefully crafted
Bird's nest
Woven and constructed
By a clever bird
I and we
Need to nest
Build our nests
In the thick of it
The thick of life
Nests of safety
Nests of warmth
Nests of security
Birds build nests
Teaching us
To build our nests
So important!
