

Frosted trees by Simon Foster

For Brits it is called 'icing'
For Americans 'frosting'
Same thing, delicious for me
Cake, the sweet covering
At my Church primary school
Different colors of icing
Spread on biscuits
For Saints days too
Green for St Patrick
Yellow for St David
Mom, Gran and Aunt's cakes
Deliciously covered
Forked pattern icing
Smooth pattern
Spread over cakes
Chocolate, coffee
Cherry, orange
Winter trees
In Parish Drive
Look frosted
Look iced
The snow
Frosted them
They look ready to eat
So like an iced cake
Frosted by nature
Frosted by Creator
Frosted by the snow
Had God Our Mother
Engineered, enabled
Frosted trees
Sweet to enjoy
To appreciate
Delicious and lovely
Like homemade cakes
Like iced biscuits and cookies
